TECHNICAL TRAINING:

Technical training forms the core part of the Art Specialism and takes place in a purpose-built classroom on campus.

Students work on specific areas of focus, experimenting with a variety of mediums from drawing, painting, modelling, sculpting, perspective and gaining knowledge of using a range of art materials.

This specialism is performance-driven and ends in an exhibition allowing students to showcase their work in front of an audience.

SUBJECT SPECIFIC VOCABULARY

Sessions include an insight into art terminology, language and definitions. Students put into practice theories and artistic methods in a creative and supportive environment.

“Technical training involves experimenting with a variety of mediums from drawing, painting, modelling, sculpting, perspective and gaining knowledge of using a range of art materials”
